CONDANET BLUE

Blue is an aqueous, biodegradable solution composed of surfactants specific to workshop cleaning. It is formulated to remove and remove the most stubborn dirt and pollutants in an ultra-efficient way: greases, oils, carbon residues, various deposits, etc.

Can be used on all types of media: workshop equipment, tools, materials, worktops, vehicles, while reducing your impact on the environment.

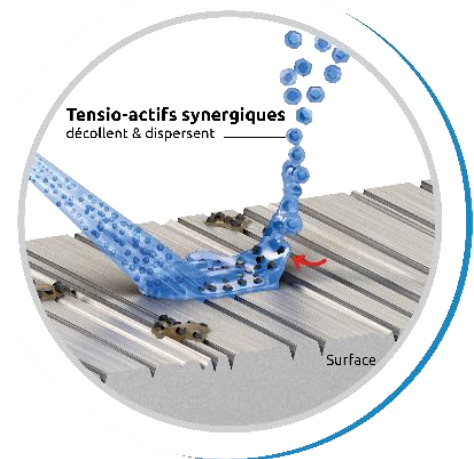

HOW TO USE

- 1 Spray directly on the surfaces to be treated
- 2 Leave on for a few minutes or brush if the surface is very dirty
- 3 Wipe with a clean cloth. Rinse with drinking water in the food industry
- 4 Once empty, refill your spray at the filling station.

TECHNICAL CHARACTERISTICS AND OPERATION

Colour	Blue
Aspect	Clear
Perfume	None
ph	Env. 9.3
Density	Env. 1.00
Composition	Non-ionic surfactants: <5% Cationic surfactants: <5% EDTA: <5%
Labelling	Not classified according to the CLP Regulation (EC No. 1272/2008)
Biodegradable	Biodegradation > 70% after 28 days (OECD Test Method 301 A)
Spray	500mL, PET

ADVANCED CLEANING® Technology
Unsticks & removes dirt from surfaces

Overkill

Multi

Without labelling

Biodegradable

Recommendations: For sensitive metals such as zinc, brass, aluminum alloys including those containing silicon, it is advisable to carry out compatibility tests.

PACKAGING AND STORAGE

Packaging et References	BOX OF 6 SPRAYS: PFPACO0001-100 BIB 10L: PFCOFOL04P-600
Storage	Store under normal storage conditions and protect from light. Avoid freezing.
